

Frog USB Twinpack - Abyss Grey

Description

The rebirth of an iconic bicycle light, the Frog : bright, versatile & fun. A design that millions of riders around the world have come to love. Powerful enough for everyday commuting or used to complement an existing lighting set-up.

No Ordinary Bike Light

Taking cues from Knog's more advanced lights, Frog is designed with Chip on Board LED technology, enabling a high intensity light that's compact, low profile and packed with features.

- Punchy 40 lm front & 20 lm rear output
- Integrated flexible mounting system
- 9 eye-catching modes
- Water resistant with IP65 rating
- Super lightweight at just 20 grams
- USB-C rechargeable (cable *not* included)
- Curved lens provides side illumination
- Battery level indicator
- Great runtimes
- Simple one-button operation
- Available in 6 fun-loving colours
